

BONNEVILLE CORNUCOPIA

OFFICIAL NEWSLETTER OF THE BONNEVILLE SECTION OF THE INSTITUTE OF FOOD TECHNOLOGISTS

PRESIDENT'S MESSAGE

Hi Fellow Food Scientists and Foodies,

I am excited to welcome all of you to a new Bonneville IFT 2017-2018 year and look forward to exciting and stimulating meetings and discussions. This year we will kick off our section by watching a special screening of the documentary Food Evolution on November 9th at the Joseph Smith Building, followed by a couple of plant tours in late Nov/Dec 2017 and late Jan/early Feb 2018. The culmination for this year will be our Suppliers Expo in April 2018 where we will be offering workshops and seminars together with the Expo itself. Please stay tuned for exact dates. Again welcome and we both look forward to seeing and talking to all of you at our meetings.

Christina Beer, President-Elect
IFT Bonneville Section 2017-18

Brigham Young University

Rebecca Viazzo, Food Science Club President

BYU Food Science Club has been very busy this year. Our main events of the year, our Opening and Christmas Social as well as our Closing Banquet, were a hit. We started with our Opening Social brunch where the rain and stormy weather did not stop us from having a good time. Nothing says opening social like a little friendly competition. Students and professors competed in a PPE relay by quickly dressing up in lab coats, goggles, hairnets and gloves. It was definitely a sight to be seen. At the Christmas Social, students and guests participated in a gingerbread house competition "Hunger Games style" where teams fought for decorations for their houses. The Closing Banquet was a great way to wrap up the year as we recognized all of our graduating seniors. We also had many volunteer opportunities this year one of which was working a booth at the Science-palooza, a children's science fair at the local rec center. Our club members taught kids about food science using five primary tastes. Club members also worked and managed our annual canned Valentine fundraiser. This is always a big help financially for the club and a fun way to reach out to the community by sealing goodies into decorated Valentine cans for family and loved ones. The club also did a great job preparing our students professionally. Throughout the year many companies presented info sessions allowing students to interview for internships and jobs. We prepared by doing workshops focusing on resumes and interviewing. We had several members of the club accept internships at many different companies including Glanbia, Dominoes, Stouffers, and more. Now that our members have returned from summer internships, we are thrilled for the full and exciting school year ahead.

Utah State University

Jeta Kadamne, Food Science Club President

Over this past year the Utah State University Food Science Club has been involved in a variety of activities. Academically, the club has attended and presented at several national conferences, including the annual IFT Conference in Las Vegas, Nevada, American Oil Chemists' Society in Orlando, Florida and the American Dairy Science Association Conference held in Pittsburgh, Pennsylvania. Additionally, club members have formed a number of product development teams where hours have been spent in developing and presenting new food products. In fact, Utah State University recently took first place in the IMPA New Dairy Product Competition. In the community, the club volunteered to help with the homecoming parade held at USU campus and helped run the registration desks at the annual Bonneville IFT Suppliers' Night and Candy Expo. So-cially, the club plans a number of activities throughout the year whose purpose is to allow members to de-stress from school and get to know each other better. Activities include: hiking in Logan Canyon, backyard barbeques, candy making, pot lucks, pumpkin carving, etc.

NEW IFT MEMBERSHIP MODEL NOW IN EFFECT

New choices to better fit the needs of our current and future members*:

- [Premier](#) (\$209 per year)
- [Premier Early Career Discount](#) (Tiered pricing)
- [Networking & Engagement](#) (\$99 per year)
- [International Joint Membership](#) (Fees vary)
- [Emeritus](#) (\$25 per year)
- [Student](#) (\$50 per year)

See the [membership benefits matrix](#) [PDF] for the benefits of each option.

For details, see ift.org/newmodel

IFT EQUAL OPPORTUNITY STATEMENT

Discrimination based on race, color, sex, age, religion, national origin, disability or veteran's status is inappropriate at any IFT function, because it can interfere with the ability of members to actively participate in IFT activities and can create an intimidating, hostile, or offensive environment.
